The diagram illustrates a table with five columns. The first column is labeled 'START POSITION', the second is 'AWARD POSITION', and the third is 'PROBABILITY THAT POSITION IS SELECTED (%)'. The table is organized into five groups, each corresponding to a category labeled 'L', 'M', 'N', 'O', and 'P' on the left. Each group contains five rows, one for each award position. The 'START POSITION' column for each group is indicated by a label '124' with a leader line. The 'PROBABILITY' column is indicated by a label '250' with a leader line.
